

We're so excited that you'll be joining us. Please be sure that all participating members have an opportunity to review these guidelines prior to Summer Camps@Home beginning. Thank you!

CAMP

We will provide the instruction to the children during the hours you booked us.

WEATHER

We will continue camp unless inclement weather appears. Should thunder and lightning begin, the children will go inside the house and we will hold off until it clears.

SUNSCREEN

It is the responsibility of the parent(s)/coordinator to ensure that sunscreen is applied to participants. Our staff cannot apply sunscreen to children.

SHADE / COVER

We suggest you have a tent or two set up for shade and cover from the sun.

REFRESHMENTS

We suggest you have water coolers/ & sports drinks available and on-hand for the campers.

GARBAGE CAN

Please have a garbage can outside for use.

SNACKS

The campers will have a snack-break during camp. Please provide this in your child's bag.

CAMP SHIRT

We like to look professional & match! Our coaches will be in uniform and we have added camp t-shirts to our uniform shop. Please feel free to order your camp shirt online for your convenience. You can view the shop at:

<https://teams.capellisport.com/pass-HAWF/> ---- Password is: hawthornefc

WATER BOTTLES

Clearly put your child's name on any water bottle.

SWIMMING

Our coaches are able to swim with the campers, however, we will need a parent/lifeguard on hand as well. If no parent or lifeguard is on hand, our coaches will not swim.

EQUIPMENT

We will provide cones, pinnies, & some sports balls. We suggest if you want anything specific: soccer goals, basketball hoops, basketballs, football targets, baseball, arts & crafts, or anything you feel we will need to make your camp a success, please supply for the first week of camp.

We are happy to work with mostly anything you set up. Let us know!

Be sure to complete the Camps@Home Participant Information Form with ALL player's information fully filled in.
